

Receivers:

- **SUPERFOX3,5M** **260,-**
superheterodyne 3,5 MHz, synthesized VFO
- **SUPERFOX3,5MX** **320,-**
superheterodyne 3,5 MHz - digital tuning with memories, timer
- **SUPERFOX 145M** **270,-**
superheterodyne 144 MHz, synthesized VFO
- **SUPERFOX 145MX** **320,-**
superheterodyne 144 MHz - digital tuning with memories, timer
- **MONITOR 2014** **750,-**
fully automatic 4-channel digital monitoring station for ARDF contests
- **FINDER09 option** **50,-**
all SUPERFOX receivers can be optionally equipped with electronic compass with memory and audio output to the headphones

Transmitters:

- **MICROFOX HF** **72,-**
miniature HF transmitter, adjustable code, frequency, keying speed and timing, wire + foxoring antenna
- **MICROFOX VHF** **78,-**
miniature VHF transmitter, adjustable code, frequency, keying speed and timing, dipole antenna
- **TRAINER 2020 *** COMING SOON ***** **310,-**
HF/VHF automatic PLL synthesized transmitter for training and national competitions, 1W output
Li-Ion accumulator, adjustable code, keying speed, frequency and timing, RTC
- **CONTEST 2020** **550,-**
HF/VHF automatic PLL synthesized transmitter for any level of competition, 3W output,
Li-Ion accumulator, built-in automatic antenna tuner, charger, RTC, adjustable code, keying speed,
frequency, output power, timing and delayed operation, IP67 covering

Other equipment, accessories

- **MINISTART 4 miniature electronic starter** **60,-**
- **PGMCONTEST PC USB programming interface for CONTEST transmitters** **240,-**
- **SIPRINT evaluation and printer station for SportIdent cards** **790,-**
- **N28 charger for all receivers with NiMH accumulators** **18,-**
- **N41 charger for all receivers with LiPol accumulators** **20,-**
- **SN12 charger for the set of TRAINER or CONTEST transmitters** **75,-**
- **T840 sophisticated tester for receiver accumulators** **20,-**
- **SL34 headphones (rugged, lightweight, high sensitivity)** **20,-**
- **Anti-theft cable locks for ARDF transmitters, unified keys** **20,-/pc**
- **Antenna elements set for SF145E/DX** **24,-**
- **Whip antenna for all 3,5 MHz receivers** **1,-**
- **144 MHz transmitting turnstile antenna for TRAINER/CONTEST transmitters** **24,-**
- **3,5 MHz wire antenna+counterpoise for TRAINER/CONTEST transmitters** **12,-**
